To Whom It May Concern,

I am delighted to provide this letter of recommendation in support of Seb Rautenberg and his application to your institution.

As a former international and English Premier League goalkeeper, I have had the pleasure of being Seb's goalkeeper coach at Hampton School. I have enjoyed working closely with him, observing both his athletic development and personal growth. He is a confident, bright and personable young man who approaches both training and competition with maturity and enthusiasm. He represents himself and his school with professionalism at all times.

One of Seb's standout qualities is his ability to receive and apply feedback. He actively seeks guidance, receives criticism well and processes information intelligently, allowing him to implement adjustments quickly and effectively within the training environment. This, combined with his strong work ethic, allows him to make consistent and measurable progress.

Technically, he is a very capable goalkeeper. His sound fundamentals of minimal movement into a set position provide the platform for him to fully utilise his quick reflexes and athleticism. In addition, Seb is a reliable and consistent distributor of the ball which is one of the key components of Hampton's tactical approach and has contributed significantly to their success. He understands the modern demands of the position and embraces responsibility in building play from the back.

Beyond Seb's technical ability, he is a positive presence within the squad — supportive of teammates, respectful of coaches, and committed to collective success.

I have no hesitation in recommending. I am confident he will contribute positively both on the field and within the wider college community.

Please feel free to contact me should you require any further information.

Yours sincerely,

Rob Green
