To the Admissions Committee,

It is a pleasure to write this letter in support of Gil Kolty's application to your university. Gil is a highly motivated, personable, and mature student who has made a lasting impression on our school community through his academic commitment, leadership, and exceptional dedication to sport.

Gil has attended Rossall school for the last 3 years and has made a great impact both in House, and the wider school community. He is currently studying BTEC Sport, a rigorous vocational qualification that blends theoretical understanding with practical application. Throughout the course, Gil has consistently demonstrated a strong grasp of key concepts such as sports performance, fitness testing, anatomy, and coaching principles. He engages thoughtfully with the curriculum, submitting work that is detailed, well-organised, and reflective of his analytical and evaluative skills. His ability to apply classroom knowledge to real-world contexts—particularly through his extensive football experience—adds significant depth to his academic work.

Outside the classroom, Gil manages an extensive extracurricular schedule as a dedicated footballer. Balancing academic demands with a high-level training and competition program requires significant discipline, time management, and perseverance—all of which Gil displays daily. His commitment to personal growth, both academically and athletically, sets him apart.

Gil is also a House Monitor in our school—a leadership role that reflects the trust and respect he has earned from both peers and staff. In this capacity, he has shown remarkable patience, maturity, and responsibility, especially when working with younger students. He is a natural leader who leads by example, fostering a positive and inclusive environment wherever he is involved. His affable nature and strong interpersonal skills make him well-liked and highly regarded by both peers and teachers.

Gil listens attentively, responds thoughtfully, and demonstrates a willingness to improve through feedback. He has the resilience, focus, and self-motivation needed to succeed in a demanding university environment.

Very best wishes,
