To Whom it may concern,

I am writing to offer my strong recommendation for Jay Marshall, a former student of ours at Cramlington Learning Village. I have known Jay throughout his time at Cramlington Learning Village between the ages of 11 and 16. During this time I worked with Jay both as his head of year during Year 10 and Year 11 whilst also teaching Jay for both Physical Education and GCSE Physical Education. Jay consistently demonstrated a real passion for his studies and excelled in Physical Education, not only due to his athleticism but due to his interest in the scientific side of the body and sporting performance. Jay showed excellent punctuality and attendance throughout his time here at Cramlington Learning Village and had 96% attendance during his final year here in Year 11.

As previously mentioned Jay is a very strong athlete with a particular talent when it comes to Football, Jay represented the school football team throughout his time here at Cramlington Learning Village playing in a number of positions including right back and in midfield. Jay represented the school team with real integrity and whilst showing a strong desire to win games he was always very sporting and respectful to both opponents and officials.

It gives me great pleasure to recommend Jay onto your programme of study and I have no doubt that he would be a great success. If you have any further questions or need any more information please do not hesitate to contact me using the details below.

Yours faithfully,

Ben Christensen
