Re: Letter of recommendation - Rafael Farrell-Villalba

To Whom it may concern,

Rafael was a student at Rossall School from September 2020, enrolling into Year 6, to August 2026 after completing Year 11.

Rafael completed his GCSE studies with us, achieving an impressive set of results in the Summer. Most notably, grade 7 in both English Language and English Literature (equivalent to Grade A). Throughout his senior studies, he made steady and encouraging progress, developing greater confidence, accuracy and independence in his work.

Rafael's grades showed continued improvement during the year as a direct result of his hard work, commitment and willingness to respond to feedback. He approached assessments with increasing maturity and showed clear progress in both classwork and examination performance. A particular strength of Rafael is his work ethic. He is conscientious, reliable and determined to improve. He takes responsibility for his learning, completes tasks carefully and is willing to persevere when faced with challenging material.

Throughout his time at Rossall School Rafael contributed thoroughly to wider life of the school, he was a valued member of the Football team representing Rossall at both school and ISFA representative level. I am confident that he will continue to thrive in whichever pathway he chooses to pursue.
Yours sincerely,

ROSSALL SCHOOL
